

Planning and Evaluation

St. Mary's After-School Club are committed to Planning and Evaluating all activities thus ensuring children gain effective, quality play activities and experiences that enhance their social, emotional, physical, intellectual and cognitive development.

- Activities are pre-planned to ensure that each child's individual needs, interests, and abilities are focused upon.
- A broad range of activities are provided to ensure children gain a wide variety of experiences that promotes their learning and development.
- Appropriate materials and equipment are provided for all children.

St. Mary's After-School Club believe that evaluation of activities enables the adults to assess the quality of each child's play experiences thus ensuring that their needs are being recognise, met challenged and valued.

Craigavon & Banbridge CH&SS Trust also monitor and evaluate services provided on an annual basis.

St. Mary's After-School Club will also ensure monitoring and evaluation processes are designed for each project that will identify indicators, information to be collected, methods used and whose responsibility.

Processes that may be used:

- Observations
- Questionnaires and surveys
- Verbal and written feed back
- Staff and/or parent meetings.
